Finger paint Moose Head

About:
Use finger paints to make a moose head!

Objective:
To use Social Emotional Development informed practices while developing fine motor skills and exploring creativity while designing a moose head.

Age: 5-11 Expected time: 30 min

Activity
Materials – Piece of paper, paint, permanent marker

- Start out by painting your foot. Carefully step on the paper and take it off. There should be a perfect foot print now on the paper.
- Wash foot
- Paint hands. Press hands on the paper, on either side of the foot print to make antlers. There should be perfect handprints on the paper.
- Wash hands
- Let the paint dry
- With a permanent marker add the details of the moose, such as eyes and nose

Other things to try
- What else can you draw with just the shape of your foot and hands?

Wrap Up:
- What could we do differently to make this easier?
- What could we add to the moose to make this picture more fun?
- Was any part difficult? Why?
