## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Boys & Girls Clubs of Greater Milwaukee, Inc.  
Milwaukee, Wisconsin

### Report on the Financial Statements

We have audited the accompanying financial statements of Boys & Girls Clubs of Greater Milwaukee, Inc. ("BGCGM"), which comprise of the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BGCGM as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal, state and other government awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the *Wisconsin State Single Audit Guidelines* as well as the statement of functional expenses for legacy clubs are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2020 on our consideration of BGCGM's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the BGCGM's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in the BGCGM's internal control over financial reporting and compliance.

**Notes to Financial Statements**  
December 31, 2019 and 2018

**1. Organization**

Boys & Girls Clubs of Greater Milwaukee (“BGCGM”), one of the largest and longest youth-serving agencies in Milwaukee, offers structured after-school and summer programming to nearly 5,000 children and teens each day. Within the safety of 45 locations and a camp, youth have access to free meals, academic support, role models, and opportunities to build character and explore new interests. BGCGM achieves these goals through the financial support of public and private donations.

BGCGM locations provide programming across 5 core areas:

**Leadership and Service** - Leadership and Service programs build leadership with self, leadership with others, and leadership within the community. They give youth the confidence and abilities to create meaningful change in their world.

**Education** - Education programs complement and reinforce what youth learn during the school day, while creating experiences that invite them to fall in love with learning. Rooted in social-emotional development practices, programs in this area enable all youth to be effective, engaged learners who are on track to graduate with a plan for the future.

**The Arts** - The Arts programs encourage imagination and self-expression. They also help youth develop knowledge and understanding of specific art forms. Art programs build social-emotional and 21st century skills, such as communication, critical thinking and creativity.

**Health and Wellness** - Health and Wellness programs focus on building the physical, social and emotional wellness of youth. These programs provide opportunities to build the foundational skills of developing relationships, regulating emotions and solving problems.

**Sports and Recreation** - Sports and Recreation programs promote physical health by providing low-risk settings for members to explore moving their bodies and eating healthy foods. These playful experiences build movement skills, such as running and throwing, and nutrition skills, such as choosing healthy foods.

**2. Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements.

Estimates also affect the reported amounts of revenues and expenses during the reporting period. Although estimates are considered to be fairly stated at the time that the estimates are made, actual results could differ.

**2. Significant Accounting Policies (Continued)**

**Cash, Restricted Cash and Cash and Equivalents**

For purposes of the statements of cash flows, BGCGM considers all highly liquid investments and money markets with an initial maturity of three months or less to be cash and equivalents. BGCGM has restricted cash for the following purposes:

*Endowment* – BGCGM maintains cash in an endowment restricted by donors for long-term purposes.

*Assets for Independence Demonstration Program (“IDA”)* – BGCGM is required by the granting agency to maintain a separate bank account for IDA awards.

*I Have a Dream (“IHAD”)* – BGCGM is a fiscal agent for IHAD.

*AmeriCorps* – BGCGM receives cash advancements to support the AmeriCorps award.

Cash and restricted cash consist of the following as of December 31:

	<u>2019</u>	<u>2018</u>
Cash	\$ 5,705,777	\$ 4,915,496
Cash restricted for endowment	1,054,794	276,747
Cash restricted for IDA	148,177	305,937

Cash restricted – AmeriCorps	277	46,512
<b>Cash and restricted cash as shown in the statements of cash flows</b>	<u>\$ 6,909,025</u>	<u>\$ 5,581,201</u>

**Net Assets**

Net assets are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of BGCGM and changes therein are classified and reported as follows:

**Net assets without donor restrictions** – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a quasi-endowment.

**Net assets with donor restrictions** – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resource be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. See footnote 10 for a breakout of net assets with donor restrictions.

**2. Significant Accounting Policies (Continued)**

**Revenue Recognition**

BGCGM recognizes revenue based on the existence or absence of an exchange transaction. BGCGM recognizes revenue from exchange transactions when it satisfies a performance obligation by providing a service to a customer or member or by transferring control over a product to a customer or member. Revenue from performance obligations satisfied at a point in time consists of the following:

- **Service charges, camp fees and membership** – recognized as performance obligations (programming) are met
- **Rental income** – recognized when BGCGM provides the rented space

Revenue from non-exchange transactions consist of the following:

- **Contributions of cash and promises to give** - received without donor stipulations are reported as revenue and net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as revenue and net assets with donor restrictions. When a donor-stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Contributions that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as revenue and net assets without donor restriction. Unconditional contributions expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized at prime interest rate and is reported as contribution revenue. Conditional contributions depend on the occurrence of a specified future and uncertain event to bind the donor and are recognized as assets and revenue when the conditions are substantially met, and the gift becomes unconditional.
- **Contributions of goods and services** – BGCGM receives various types of contributed goods and services support, including rent, supplies, professional services and equipment. Donated supplies and equipment are recognized at their estimated values on the date received. Donated services are reported in the financial statements for voluntary donations of professional services when those services create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and typically would be purchased if not provided by donation. Such contributed goods and services totaled \$1,731,807 and \$1,422,454 for 2019 and 2018, respectively. The amounts reflected in the financial statements as contributed goods and services are offset by like amounts included in expenses or capitalized as equipment and depreciated over their useful lives. BGCGM recorded rent expenses of \$1,345,491 and \$1,350,339 in 2019 and 2018, respectively, services of \$89,509 and \$72,115 in 2019 and 2018, respectively and other items of \$296,807 and \$-0- in 2019 and 2018, respectively. BGCGM also received contributed services for its various programs from volunteers which does not meet the recognition criteria described above. No amounts have been reflected in the financial statements for these contributed services.
- **Federal and state contracts** – Federal and state contracts are conditional upon the incurrence of allowable qualifying expenses. Revenue is recorded as allowable qualifying expenses incur.

**2. Significant Accounting Policies (Continued)**

**Revenue Recognition (Continued)**

Revenue that has characteristics of both exchange and non-exchange transactions consist of the following:

- **Special event revenue** – Gross special events revenue includes contributions for the events and fees charged to participants. The cost of direct benefits to donors are subtracted from this amount to arrive at net special event revenue.

**Valuation of Investments**

Investments are reported at fair value. Investments in marketable securities with readily determinable fair value and all investments in debt securities are valued at their fair value in the statements of financial position. Unrealized gains and losses are included in the change of net assets. GAAP establishes a hierarchy that prioritizes the inputs for measuring fair value. Those inputs are summarized as follows:

**Level 1** – Quoted prices in active markets, e.g. NYSE, NASDAQ, etc. for assets identical to the securities to be valued. If a Level 1 input is available, it must be used.

**Level 2** – Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

**Level 3** – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Domestic and International Fixed Income, Domestic and International Equities, and Other Investments:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Diversified Investment Pool:* Valued at the present value of the proportionate share of allocated assets.

*Accrued Income:* Estimated value of earned interest based on year-ending balances.

Purchases and sales of investments are recorded on a trade-date basis. Realized gains and losses and unrealized appreciation and depreciation of BGCGM's assets are reported in the statements of activities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although BGCGM believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**2. Significant Accounting Policies (Continued)**

**Land, Building and Equipment**

Property and equipment contributed to BGCGM are recorded at estimated fair value on the date of the gift. Purchased property and equipment are recorded at cost. BGCGM records amounts incurred related to ongoing construction projects as construction in progress. When construction projects are completed, the amount incurred is transferred to the appropriate fixed asset category and depreciated. Depreciation is recorded on the straight-line method. Estimated useful lives used in the calculation of depreciation are:

Buildings	10 - 50 years
Leasehold improvements	10 - 20 years
Equipment	3 - 10 years
Vehicles	5 years

**Service Contract Fee Receivables**

Service contract fee receivables represent consideration from state and local government agencies, of which BGCGM has an unconditional right to receive. Receivables are recorded at contract value, less management's estimate for uncollectible amounts based on their experience relative to the total population of receivables. Management has determined, based on historical experience, that all amounts are fully collectible and no allowance for doubtful accounts is necessary.

**Deferred Revenue**

Deferred revenue consists primarily of advances on contracts with state and federal governments for program assistance in excess of program expenditures. These amounts are recognized as revenue as expenditures are incurred.

**Tax Status**

BGCGM is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

BGCGM has implemented accounting for uncertainty in income taxes in accordance with accounting principles generally accepted in the United States of America. This standard describes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on various related matters such as derecognizing, interest, penalties and disclosure required. Management of BGCGM evaluates the uncertain tax positions taken regarding unrelated business income taxes, if any, and consults with outside counsel as deemed necessary. BGCGM recognizes interest and penalties, if any, related to unrecognized tax liabilities in income tax expense.

**Functional Expenses**

BGCGM classifies expenses into two functions: Program Services and Support Services. The Program Services function includes all expenses directly related to BGCGM's activities and programs for boys and girls and their families. These expenses have been directly charged to the specific activities and programs based on employee hours incurred and hours of services provided to boys and girls and their families. The Support Services includes management and general expenses and fundraising expenses not directly associated with activities and programs.

**Subsequent Events**

Management has evaluated all subsequent events through the date the financial statements were available for distribution (May 19, 2020) for possible inclusion as a disclosure in the financial statements. The World Health Organization declared the spread of Coronavirus Disease ("COVID-19") a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to BGCGM, COVID-19 will impact various parts of its 2020 operations and financial results, including revenues, support, expenses, and cash flows. Management believes BGCGM is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

**3. Liquidity and Availability**

BGCGM receives significant contributions and pledges receivable restricted by donors and considers contributions restricted for programs which are ongoing, major and central to BGCGM annual operations to be available to meet cash needs for general expenditures. BGCGM manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability maintaining adequate liquid assets to fund near-term operating needs and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. BGCGM has a liquidity practice to maintain current financial assets less current liabilities at a minimum of 30 days operating expenses. BGCGM has a practice to target a year-end balance that serves net assets without donor restriction to meet 15 to 30 days of expected expenditures. To achieve these targets, BGCGM forecasts its future cash flows, monitors its liquidity quarterly, and monitors its reserves annually.

While BGCGM does not intend to spend from the board designated endowment (other than those allowable under the distribution policy above), these amounts could be made available, if necessary, by obtaining a super-majority vote as discussed in Note 6.

**4. Promises to Give**

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using the 10-year average of the risk-free interest rates applicable to the years in which the promises are received. Conditional promises to give, such as planned giving and bequests, that are subject to modification or revocation of any time by the donor, are not able to be estimated and thus are not included as support until the condition is substantially met. Included in the promises to give are the following unconditional promises to give at December 31:

	<u>2019</u>	<u>2018</u>
Unconditional promises to give before allowance and unamortized discount	\$ 5,888,594	\$ 9,315,093
Less: Allowance for doubtful promises to give	(265,336)	(380,106)
Less: Unamortized discount (discount rate of 3.83% and 3.68% - 2019 and 2018, respectively)	(336,688)	(240,188)
<b>Net unconditional promises to give</b>	<u>\$ 5,286,570</u>	<u>\$ 8,694,799</u>

**6. Endowment**

BGCGM's endowment consists of approximately 40 individual funds established for the sustainability of operational needs. For investment purposes, marketable securities are pooled with the exception of the Pieper Challenge Fund, which is maintained in a separate investment portfolio and consists of donor-restricted funds and funds designated by the Board of Trustees to function as endowments.

As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

BGCGM has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, BGCGM classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by BGCGM in a manner consistent with the standard of prudence prescribed by SPMIFA.

In accordance with SPMIFA, the BGCGM considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of BGCGM, and (7) BGCGM'S investment policies.

*Investment Return Objectives, Risk Parameters and Strategies.* BGCGM has adopted investment and spending policies, approved by the Board of Trustees, for the endowment assets. The objectives of the Endowment have been established in conjunction with a comprehensive review of long-term financial requirements. The objectives are to maximize return within reasonable and prudent levels of risk and maintain an appropriate asset allocation based on a total return policy that is compatible with a flexible spending policy, while still having the potential to produce positive real returns. The investment guidelines for the portfolio are based upon an investment horizon of greater than five years. Therefore, interim fluctuations should be viewed with appropriate perspective. The Committee recognizes and acknowledges some risk must be assumed in order to achieve the long-term investment objectives of the portfolio, and there are uncertainties and complexities associated with contemporary investment markets. In establishing the risk tolerances, the Endowment's ability to withstand short-and intermediate-term variability were considered. The Endowment's current financial condition, as well as prospects for the future, suggest some interim fluctuations in market value and rates of return may be tolerated in order to achieve longer-term objectives.

*Spending Policy* - BGCGM has a policy which utilizes a 5.5% quarterly distribution rate based on a twelve-quarter moving average ending September 30th of the prior fiscal year in which the distribution is planned, excluding the Pieper Challenge Fund. In establishing this policy, BGCGM considered the long-term expected return on its investment assets, the nature and duration of the individual endowment funds, many of which must be maintained in perpetuity because of donor-restrictions, and the possible effects of inflation. The quarterly distribution, as governed by the spending policy above, is included as part of the annual budget. Any proposed distribution in excess of the spending policy must be approved at a regularly scheduled board meeting by a super-majority (2/3 minimum) of board members present.

**6. Endowment (Continued)**

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). BGCGM has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law.

The Pieper Challenge Fund utilizes an annual distribution based on comparing the September 30<sup>th</sup> balance of the prior fiscal year in which the distribution is planned to the high-water mark. The calculation resulted in a distribution of \$71,968 and \$93,725 at December 31, 2019 and 2018, respectively.

**13. Operating Leases**

BGCGM leased multiple vehicles for general operational purposes. The expense for 2019 and 2018 was \$35,866 and \$30,124, respectively. The leases are of various lengths and terms and require payments in the subsequent years as follows for the years ending December 31:

2020	\$	40,556
2021		38,324
2022		12,918
<b>Total</b>	<b>\$</b>	<b><u>91,798</u></b>

**14. Related-Party Transactions**

BGCGM paid liability insurance premiums of \$103,000 and \$41,224; investment costs, including fees paid to the investment advisor as well as pass through fees paid to the investments managers of \$86,205 and \$81,231; and construction project costs of \$212,083 and \$437,492; and advertising and marketing costs of \$46,983 and \$40,204 during 2019 and 2018, respectively, to companies in which an executive is also a member of BGCGM's Board of Trustees. BGCGM also receives grant money from a pass-through entity in which the BGCGM's president is on the board of directors of the pass-through entity. In addition, certain members of BGCGM's Board of Trustees are employed by or serve on boards of directors of various organizations or service companies with which BGCGM does business. In general, the services provided are valued below market and include banking, insurance coverage and vehicle leases. BGCGM obtains conflict of interest statements from all trustees which disclose such relationships. All such relationships have been reviewed by the Board of Trustees.

**15. Major Grantors or Contributors**

BGCGM received approximately 47% and 35% of its annual revenue from federal, state and over government awards for the years ended December 31, 2019 and 2018, respectively.

**16. Concentration of Credit Risk Regarding Cash**

BGCGM financial instruments are exposed to concentrations of credit risk consisting of cash. BGCGM maintains its cash with three financial institutions. The total cash balances of BGCGM are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per bank. BGCGM held cash throughout the year which, at times, exceeded the balance insured by the FDIC. BGCGM monitors such credit risk and has not experienced any losses related to such risks.

**17. Risks and Uncertainties**

BGCGM has investments in various equities. These investment securities are exposed to various risks of loss such as market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in value of these investment securities will occur in the near term and those changes could materially affect the amounts reported on the statements of financial position.

**18. Commitments and Contingencies**

BGCGM is occasionally involved in various legal proceedings, claims and administrative actions arising in the normal course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on BGCGM's financial position, activities or cash flows.

**19. Financial Awards from Grantors**

Financial awards from federal, state and local governments in the form of grants are subject to special audit. Such audits could result in claims against BGCGM for disallowed costs or noncompliance with grantor restrictions.

**20. Changes in Accounting Principle**

Financial Accounting Standards Board ("FASB") Accounting Standards Updated ("ASU") 2016-14 Codification Topic 606, *Revenue from Contracts with Customers*, as amended, supersedes or replaces nearly all U.S. GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or a point in time, and expand disclosures about revenue. We have implemented Topic 606 and have adjusted the presentation in these financial statements accordingly. The amendment has been applied retrospectively. Accordingly, there is no effect on net assets in connection with our implementation of 2016-14.

In June 2018, the FASB issued ASU 2018-08 – *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. We have implemented ASU 2018-08 applicable to both contributions received and to contributions made in the accompanying financial statements under the full prospective basis. Accordingly, there is no effect on net assets in connection with our implementation of ASU 2018-08.

In November 2016, the FASB issued ASU 2016-18 – *Statement of Cash Flows (Topic 230): Restricted Cash*. This standard clarifies how entities should present restricted cash and restricted cash equivalents in the statement of cash flows. The amendment has been applied retrospectively. Accordingly, there is no effect on net assets in connection with our implementation of ASU 2016-18.

**21. Reclassifications**

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Boys & Girls Clubs of Greater Milwaukee, Inc.  
Milwaukee, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Boys & Girls Clubs of Greater Milwaukee, Inc. ("BGCGM") (a nonprofit organization), which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 19, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered BGCGM's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the BGCGM's internal control. Accordingly, we do not express an opinion of the effectiveness of the BGCGM's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether BGCGM's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that is required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of BGCGM's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the BGCGM's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED  
BY THE UNIFORM GUIDANCE AND THE WISCONSIN STATE SINGLE AUDIT GUIDELINES**

Board of Trustees  
Boys & Girls Clubs of Greater Milwaukee, Inc.  
Milwaukee, Wisconsin

**Report on Compliance for Each Major Federal and State Program**

We have audited Boys & Girls Clubs of Greater Milwaukee, Inc.'s ("BGCGM") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Wisconsin State Single Audit Guidelines* that could have a direct and material effect on each of the BGCGM's major federal and state programs for the year ended December 31, 2019. The BGCGM's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the BGCGM's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and the *Wisconsin State Single Audit Guidelines*. Those standards, the Uniform Guidance and the *Wisconsin State Single Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the BGCGM's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the BGCGM's compliance.

**Opinion on Each Major Federal and State Program**

In our opinion, the BGCGM complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2019.

## Report on Internal Control Over Compliance

Management of the BGCGM is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the BGCGM's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and *Wisconsin State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the BGCGM's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on requirements of the Uniform Guidance and *Wisconsin State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

**Notes to Schedule of Expenditures  
of Federal, State and Other Government Awards**  
December 31, 2019

**1. Summary of Significant Accounting Policies**

**1. Basis of Presentation**

The accompanying "Schedule of Expenditures of Federal, State and Other Government Awards" ("Schedule") includes the federal, state and other government award activity of the BGCGM under programs of the federal and state government for the year ended December 31, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and the *Wisconsin State Single Audit Guidelines*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the basic financial statements. Because the schedule presents only a selected portion of the operations of the BGCGM, it is not intended to and does not present the net financial position, changes in net assets or cash flows of BGCGM. All federal, state and other government awards received directly from federal, state and other agencies as well as federal and state financial awards passed through other agencies are included on the schedule.

**2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**3. Indirect Cost Rate**

The BGCGM has elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.
