

YOUR BODY. YOUR LIFE. YOUR DECISIONS.

The mission of Boys & Girls Clubs of Greater Milwaukee's H.E.A.R.T Initiative: Health Education and Relationship Talk (previously Teen Pregnancy Prevention program) is to empower young people to make meaningful, healthy, and informed decisions about their bodies, their relationships, and their lives.

Our program provides pre-teens and teens ages 10-19 with vital information, support, and resources to help them navigate difficult decisions and circumstances surrounding their sexual health and personal relationships.

We offer education on:

- Life Planning
- Exploring Friendships & Healthy Relationships
- Human Trafficking
- Preventing Unplanned Pregnancies
- Teen Pregnancy & Making Informed Decisions
- HIV Disease and AIDS
- Preventing Sexually Transmitted Infections
- Risk Recognition and Communication
- Media and Peer Pressure
- Accessing Community Services

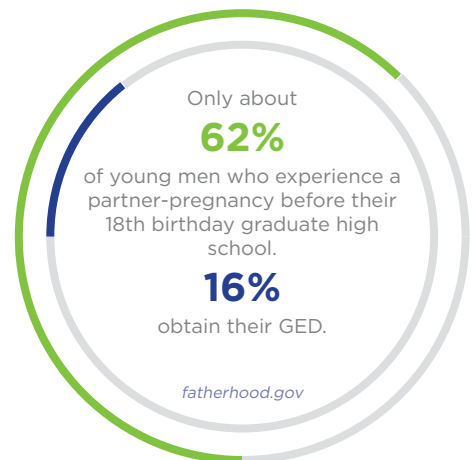

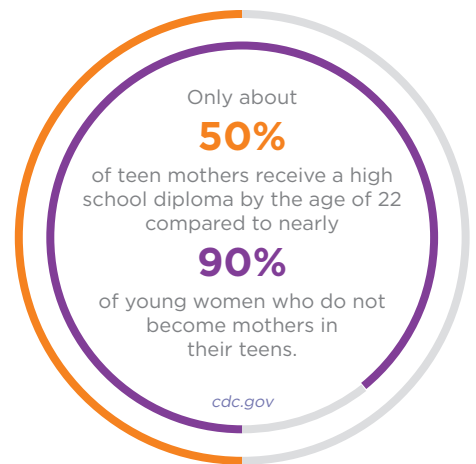

We incentivize youth who participate and complete our program.
