

Family Resources

As a non-profit organization devoted to serving Milwaukee's youth, Boys & Girls Clubs of Greater Milwaukee understands there are community needs outside of our services. This list of family resources was curated by our team at the Family Resource Center, located at 1452 N. 7th Street in Milwaukee. For further questions regarding this list, please email Jill Roberson at Jill.Roberson@bgcmilwaukee.org or call 414-763-1244.

Mental Health Services for BCGGM Members

Whether BCGGM members are learning to identify emotions and implement coping strategies, work in small skill building groups, or engage in positive relationships with youth serving professionals, all BCGGM members have increased access to mental health supports. Children and adolescents in need of individual or trauma-specific services can access mental health care through partnerships with community-based providers including Wellpoint Care Network. Direct, insurance-reimbursable therapy is available to BCGGM members and families without lengthy waitlists. For any questions, please email Cat Horzewski at cat.horzewski@bgcmilwaukee.org for assistance.
